

## Sitting *de la Mare Creative*

Portraits provide excellent opportunities to take unique & personal photos of children, teens, pets, couples & families - to celebrate all the things that are so special and to make memories in the process. Sittings can be great fun & produce individual, artistic images that reflect the people in them. They are a pleasure to take as a photographer, & can be as formal or informal as you want. Here are a few tips and questions that can be helpful ahead of the shoot:

### WHAT SHOULD WE BRING?

The most important thing is yourselves! If there are special things you'd like to include then feel free to bring them along. Whether it's your dog, or a bottle of champagne - we can include it.

### WHAT TO WEAR?

It is completely up to you but my advice is usually along these lines:

- Most important: What you feel comfortable in and feel like yourself in. It'll make you happy and at ease, and that makes for happy photos that look like you.
- Added bonus: if you can coordinate vaguely then that's great but not essential at all. It's more important that you look like you.
- Less important but not bad ideas: it's potentially worth avoiding massive logos or slogans and it's worth having shoes and clothes that you can relatively easily walk and sit in. You can always bring a layer or two, or add a scarf etc, if you want a bit of variety but best not to have too much to carry. As it's Cumbria - even in summer - a coat is often a good idea even if it stays in the car.

### WHAT WILL WE DO?

If you'd like an outdoor shoot, we'll walk and talk and shoot. If you would like a studio session, we'll do the same but with less walking - mostly it's about having a good time and we'll get some great shots!

### PRICING

Sittings cost £40. For every print you buy, you will receive a digital version of the print to keep. We offer a beautiful range of prints, albums and wall art - memories to be picked up and enjoyed for years to come.

Print Products  
*de la Mare Creative*

We are passionate about prints - whether they are on your walls or in boxes - that you will re-discover in a decade. Whilst we know digital is important, there's nothing that can beat memories in your hands. With this in mind, we are pleased to offer beautiful ways to display your photos from the shoot.

#### PRINTS

Our prints come from our Italian printers who specialise in art prints and use archival processes to ensure that your prints will last for generations. Starting from £4.80 for a 5x7" our prints are available in Gloss, Lustre, Deep Matt (a velvet feel) or Fine Art, and can be mounted or unmounted.

We also offer keepsake Reveal boxes (pictured) to store your mounted prints in - you can begin a box and add to it over the years.

#### DIGITAL

Every print that you purchase will come with a digital version for you to keep.

#### WALL ART

From our Canvas Wraps to our Mega Prints and Nkuku ethical frame range, we have a variety of wall art options to suit any home. Please see our website for more information.

#### ALBUMS

We are really pleased to offer a range of beautiful albums and books. Whether it's for a portrait, garden or pet sitting - albums can be the perfect way to present your photos. They also give you the opportunity to select more images from your shoot to keep. There's a great variety in our albums - from the Storybook to photo books and more traditional albums - you can view our range on the shop page of our website or get in contact to chat through your options.

Please do get in touch or visit our website for more information.
